

KSCE Journal of Civil Engineering

Aim and Scope

KSCE Journal of Civil Engineering is a technical journal published bimonthly by the Korean Society of Civil Engineers (KSCE). The journal publishes 7 issues including 1 Special Issue (40 articles per regular issue) within the broad field of civil engineering which include, but are not limited to, the following: Coastal and Harbor Engineering, Construction Management, Environmental Engineering, Geotechnical Engineering, Highway Engineering, Information Technology, Nuclear Power Engineering, Railroad Engineering, Structural Engineering, Surveying and Geo-Spatial Engineering, Transportation Engineering, Tunnel Engineering, Water Engineering.

Theoretical papers, practice-oriented papers including case studies, state-of-the-art reviews are all welcomed and encouraged for the advance of science and technology in civil engineering. The journal is indexed in Scopus and Science Citation Index Expanded (SCIE).

International Editorial Board and Advisory Board

85 Associate Editors from 10 Nations from prestigious universities and research institutes of broad spectrum of fields of studies across civil engineering.

Impact Factor (IF)

Number of submissions over the past 4 years has been increasing rapidly. The 2013 Impact Factor is 0.511.

The screenshot shows the Springer website for the KSCE Journal of Civil Engineering. The main content area includes the journal title, editor-in-chief (Ho-Kyung Kim), ISSN numbers (1226-7988 for print, 1976-3808 for electronic), and a 'Read Online' button. Below this is a 'CrossCheck' plagiarism detection software notice. The right sidebar contains links for 'Online First Articles', 'All volumes & issues', and 'Free: Sample Articles'. The bottom of the page features a '2013 Impact Factor' of 0.511 and a 'Services for the Journal' section with links for 'Contacts', 'Download Product Flyer', and 'Shipping dates'. There is also an 'Alerts for this Journal' section with a form to enter an email address.

Submission and Publication Procedures

Manuscripts can be submitted through the Editorial Manager System (<http://www.editorialmanager.com/ksce/>). The Editorial Office checks for plagiarism with Crosscheck™ software. After the review process, accepted papers are published as Online First Articles with a DOI number. The paper will be published with the volume, number and page numbers in the Regular Issue according to the acceptance order.

Regulation and Guidelines for the Special Issue of KSCE

The Editorial Board has enacted the Regulations and Guidelines for the Special Issue of KSCE J. Civ. Eng. newly on February 2014. The main purpose is to define and specify the principles and processes underlying the selection of the Guest Editor(s), the selection of this specific theme and the publication of the Special Issue. For interested researchers, please see our notice of Call for Special Issue Proposals and Call for Papers at our Journal website (www.springer.com/12205).

Journal Information

KSCE Journal of Civil Engineering [pISSN 1226-7988, eISSN 1976-3808] is published bimonthly since 1997, by the Korean Society of Civil Engineers. Full text of the Journal is available at www.springer.com/12205.
